

# Tequilas & Mezcales

## Premium Tequilas

### Avion 44

There's deep vanilla, salted caramel, and cappuccino on the nose, along with cinnamon, clove, and mild jalapeño. And that's just on the first couple of whiffs. There's much more going on here. On the palate, there is a smooth harmony not unlike what shows in some very mature cognac.

### Casa Dragones

The aroma shows a sweet and herbaceous note, particularly mint and something akin to tree bark. The sweetness continues on the palate initially before ending in a slightly bitter and musky finish. The tequila is fairly neutral otherwise and would appeal to those just getting into the category.

### Clase Azul Plata

Slow-cooked in traditional ovens. The fermentation is introduced with a proprietary strain of yeast. And, the distillation is carefully watched over to produce an exquisite spirit. Presented in handcrafted bottles that are produced in local communities in Jalisco.

### Clase Azul Reposado

Aged for a minimum of eight months in small oak barrels, using a blend of Bourbon, Cognac, and Sherry casks in the aging process. It has distinct, smooth flavors and aromas, as well as an excellent balance over the palate.

### Don Julio 1942

An exquisite Tequila Anejo created to celebrate the 60th anniversary of the opening of Don Julio's first distillery. Rested in oak barrels for over 2 years. Pure golden color, full nose of vanilla, apple and oak. Silky profile with a sweet vanilla finish.

### Don Julio Real

Aged 3 years in American oak barrels, the finished product is golden in color, with hints of chocolate, caramel, and coffee
